Ordering spare parts

The spare parts for Type 3241 are listed on the next pages.

This document can be used for ordering the spare parts:

1. Fill in your contact data and information on the product.
2. Enter the quantity of the spare parts you need in the spare parts list.
3. Click [Send form] button to attach the PDF form to an e-mail.
4. Attach any additional information (e.g. invoice, photos) to the e-mail.
5. E-mail to: ▶ spareparts-de@samsongroup.com

Either

Configuration ID:

or

Order no.:
Order item:

or specifications on the nameplate (description of the currently valid nameplate ▶ EB 8015)

Type designation:	3241	
Material:		
Nominal size:		
Pressure rating:		
Flow coefficient:		
Characteristic:		
Seat-plug seal:		
Seat code:		
Pressure balancing:		
Flow divider:		
PSA version:		
Version:	○	Standard bonnet
	○	With insulating section
	○	With bellows seal
Technical application:	○	NACE
	○	Oxygen
	○	Industrial gases
	○	Chlorine

91	Protective cap			
92	Castellated nut			
101	Bellows bonnet			•
102	Screw with snap ring[3] (only for version with bellows seal)		•	•

1) Parts subject to wear are a subset of the spare parts, which are subjected to normal operational wear or fatigue.

2) For certain applications (e.g. for oxygen service), this material is specified as “cleaned”.

3) Version with balanced valve plug

4) Version with flow divider
